I don't mean to pass the buck, but the press release really isn't about the NPL rule anymore!

Other than the site names and site types, I really don't have anything else to contribute to the press release.

Sorry, I meant to say work on "press release" not "comm. plan".

Hi Terry,

I haven't heard back from OPA/OSWER on our draft NPL communications plan, and I'm guessing it is a result of being busy with Gold King Mine. I think we should probably just get started on drafting something. I starting working off of the last press release, but I'm over in EOC and I'm not sure I can access the file. In any event, would you like me to continue to draft something and then send it over to you to work on? I'm not sure how you and Lois normally handled it.

thanks!

Melissa

Hi Raquel,

Attached are the draft congressional notification letters. Please let me know if you have any changes by August 20. Thanks so much!
